### Insanity

It's been said that the definition of 'insanity' is to continue to offer the same actions, expecting different results.

After all, if you keep doing what you've always done, you'll keep getting what you've always gotten.

These are just different ways of expressing how the Law of Attraction works. The thoughts and actions that you put out are going to be expressed in the results that manifest in your life.

And if you seek to have different results, you must offer different thoughts, feelings and actions.

Where in your life could you choose to offer different thoughts and intentions? The moment you decide to change your focus on any subject is the moment things begin to shift for you.

### Putting it into Practice **20 New Ideas**

James Ray, one of the speakers in "The Secret," teaches a process called the Mastermind 20, which works with any challenging situation you are currently facing. Here's how he puts it:

interrupted. Turn off the cell phone and have a pad and pen close at hand. Each day, you must come up with 20 new ways in which you can grow your business, create more income or achieve any intention. In other words, access your creativity and become more resourceful. The rule is that you cannot leave until you have a minimum of twenty ideas. No editing, no analyzing, all ideas are good ideas... Just get them down. After the third day, you'll have a list of no less than 60 creative ideas. Now you must go through your list and pick the 3 most leveraged ideas defined by:

1. Potential return on investment (Time, Energy and Money)
2. Speed of potential return
3. Ease of implementation

So here's the question: What have you been doing? Better question: What are you going to do moving forward? It's not the president. It's not the government or the economy... It's you. Use the Mastermind 20 exercise and apply it to your situation. Get resourceful... you'll be amazed at how quickly you begin to attract and create a new life. You'll be glad you did!"
