You: Special and Unique

As we wind down this year and move into the new one, I'd like to offer some thoughts about the magic and wonder of each of us. Have you ever stopped to consider the absolute miracle that we are alive, that our bodies maintain their processes nearly unaided by us? And what about our magnificent minds, which allow us to process everything that goes on in our lives... and which allow us to dream.

Source Energy (or God, or the Universe -- however you term it) chose to present Itself in the magnificent creation that is you.

You are the Explorer, the Brave One, the one who is willing to try things out as a human being, experience everything life has to offer, evolve. You are how the Divine experiences wonder, laughter, hugs, kisses, splashing in the water, the exhilaration of roller coasters... and on and on.

Let yourself revel in all the joys of the world, so that Divine Source Energy can experience it along with you.

As the new year is beginning, how about setting an intention to be kinder and more loving to yourself, appreciating just how special and unique you truly are.

I Am Shadow and Light.
Today I choose the Light.

As you go through your day, strive to see each person you come into contact with as "adorable." We're all in this together, you know. There's not that much difference between you and the next guy. We're all doing our best, with the knowledge and awareness we have.

At the very core of our being, don't we all want love and happiness? Recognize that each person on your path is adored and loved by the Universe, just as you are.

And as you turn your attention to creating your life in the New Year, may you know your divinity and power, and may you create a life that is luscious, exciting, peaceful, and wonder-full.
